“ From the Chew Family

Because of the Corona virus, family and friends were unable to attend dad's services. Susie (mom) wanted everyone to be safe and remember Jack (dad) in their hearts.

When Dad was discharged from Walker Air Base, there must have been something in the air because he ended up staying in Roswell. He loved Roswell and was an active member of the community. He was an active member of the Shriners, Lions Club and Elks. The Lions Club had a food booth at the fairgrounds. After checking out the rides my brother and I would head over to the Lions food booth for something to eat. We knew if dad was there, food would be on him!

My father lived a full life. He would go “all in” with whatever sparked his attention. He fished, bowled, and collected. He collected anything that would catch his eye. Jim Beam collectibles, World War 2 memorabilia, and coins. Especially coins!

Family was important and maintaining those family connections. He looked forward to the family reunions in Las Vegas and reconnecting with relatives. Las Vegas also gave him a chance to see if Lady Luck was by his side!

Dad loved people. He lived a long and full life and will forever be in our hearts.

“ My first memory of eating out, as a very small child, is Chew Den in the late 60's. Shiny red booster seats! My siblings and I all agree, "We gauge all other Chinese restaurants by Chew's food, experience and atmosphere." Sweet, sweet memories of Sunday lunches with friends and family that we treasure and miss. Your parents made it very special for all of us. Thank you for sharing them with our community.

With our deepest sympathy, M, S and K Crowhurst

“ My prayers go out to the Chew family, I know Mr. Chew will be greatly missed by all who knew him and had the pleasure of eating at his fine establishment. I have so many memories of eating at Chew Den's, Chews West etc. and all the great food they served. I now live in Houston, and to this day I haven't tasted anything like it, it was the best. I always looked forward to going to Chews West whenever I would go to visit family and when they closed down my heart was broken.

God Be with you All

“ My late beloved mother MaryHope Horn used to take my sisters and I to dinner at Chew's Den. Then, we enjoyed it at the Bowling Alley, then, Chew's West on West Second. We truly enjoyed our lunches and dinners. It was the best! It's time for rest. Praying for the family.

“ Growing up we would go to Chew Den often. Susie watching over the kitchen and Jack playing cards in the back. Mostly, I remember the joy he gave my Grandfather when he hosted the Mountain Oyster fry each year. What a wonder giving man. I will miss him. Prayers to his beloved family.

“ Chew Den...loved the onion rings and chop suey. Was in Roswell Jaycees that met in the back conference room. Later, as his internet provider, I spent countless hours at his home assisting him with the newfound technology. 56k dial-up. Had to install the browser off of floppy disks. Lol. Spent a lot of time discussing all kinds of different things. He will be missed. Leaves a permanent legacy in Roswell!!

“ So sorry to hear this. My mother Ozema Davidson worked as a waitress for the Chew Den for a good number of years. Wonderful man and family. I was told that my Dad and Mom had a cafe in Roswell in the 40's and that Mr. Chew cooked for them, then went out on his own. A Roswell fixture for many years , won't be another like it. Prayers for the family for peace and comfort. Sheila Davidson Seay
