“ Millie was one of my best friends since the 2nd grade. She never change always sweet and loving and so funny. We would walk to school to Monterrey and just laugh and then go to her house and make French fries. We played sports together, we were cheerleaders for little league football. She was my Millie Willy and I was her Paula Walla. I will miss her laugh but we will meet again. Love you my friend.

“ Millie, words can't describe the sadness I feel knowing you are no longer here. I have so many memories of you and I together. Our sons were and remain close friends. It was through their friendship, I met you. My son practically lived at your house after basketball practice and you made him feel like he was family. I will remember all of the games we drove to together, our gripes and how proud we were of our boys. Most of all I will remember the gentle way you had of calming me down when I was frustrated. I know you were welcomed home with open arms and my heart is at peace because of it.

“ Millicent was a very loving niece. I am grateful to have her, love her and respect her as my niece. I do and will forever miss her but knowing she is going to a better place and to face life knowing she is no longer suffering in pain any longer i can hold my head up and except her going on to be with the Lord.
