

Alexander Horton

September 6, 1985 - March 24, 2017

Alexander T. Horton was born Sept. 6, 1985, to Ernest Horton and Cynthia Bailon Brackeen in Roswell, NM. A child at heart, Alex went to rest with our Lord on March 24, 2017. He was a graduate of Roswell High School and NMSU. A tribute of Alexander's life may be found at www.andersonbethany.com where you may leave memories and expressions of sympathy for his family.

He is survived by his parents; his wife, Crystal Sandy; and Joe Sandy; brother, Ernesto Horton (Amy); sister, Karina "Rae" Horton; stepfather, Marty Brackeen; and his children: Melissa, Kristen (Kevin), Marty Jr. (Allison) and all of their children. A grandmother; numerous aunts, uncles and cousins.

Alex was an amazing man; he was admired and loved by all who knew him. He touched many lives, young and old alike. He had an infectious smile and always an encouraging and positive word. He was a man, so many of us aspire to be like. He always saw the best in people. To those of us who had the remarkable pleasure of knowing him, nothing will ever compare to the hole he left in our hearts, but we are better for even having had a glimpse of him. For those who did not know him, you would not believe how amazing he was. The world truly is a little dimmer, but heaven is so much brighter. We will always love you, and you will never be forgotten. Your legacy will live on through so many. Love, your family.

A memorial honoring his life will be held at 12:00 PM on April 1, 2017, at Anderson Bethany Funeral Home.

If you would like, bring a note of your favorite memory of Alex to place in a memory box, following the service.

This tribute was written in honor of Alexander by his family.

“ I remember when I met Alex, on the first day of middle school in my first class almost 19 years ago. The students were lined up, sitting against the blackboard next to each other. Alex and Aaron were trading notes on a card game, and we all just started talking. He was animatedly explaining the mechanics to the two of us (Ernesto had piqued his interested in it) even after the bell rang for the next class. Hundreds of band trips and game/card nights later, I was very sorry to hear that we lost him. Alex was always a great friend. My deepest condolences to his other friends and family.

Our son will grow up hearing the many wonderful stories of his Tio Alex. I look forward to seeing you where we never have to say goodbye again. Keep them laughing until I get there! Much love, your sister Amy.

“ Our deepest condolences to Alexander's family. We were one of the first to arrive at the scene of the accident. We did the best we could to provide assistance until medical and emergency personnel arrived. Myself and others immediately checked on everyone involved. Alexander had a slight pulse but when once we checked on him again a few minutes afterwards, unfortunately he had passed. May he Rest In Peace and may God be with you all during this difficult time.

Respectfully,
E. Vasquez

“ Goodness, you are truly missed Alex. My memory of you, it always sticks to me when i see gum. Me, you and Fermin always in ESPs once a week after lunch. I would always bring gum and offer you some, you would always decline and say Thank you. Finally, one day you told me, "I know this is wierd, but i have this crazy obsession that if i chew gum, it will flatten my teeth, so I don't chew it". Me being me, I laughed, then you smiled and said, "I know, its weird". Anyhow, from that point on, I never offered you gum again and every time I buy some, I smile and think of you.
To the family, I send my condolences and will continue to pray for comfort and healing. Fly High Alex, you Will be forever missed.

“ I remember back when I first arrived at Job Corp Alex was the first one to talk to me like a true friend. He was only two weeks new at his job so we were kind of on the same page with the school. I remember that even though he was older and I respected him like an adult , he was a great friend of mine helping me with mock interviews for jobs and laughs. We talked about music, joked about video games. It hurts my heart now just typing this. The day Alex became a teacher for drivers Ed I remember being excited and happy for him. He deserved everything he worked for. His smile and laugh were the things I remember best about him, just so friendly and understanding. I would joke with him on how he does his job and how we act as students. He truly was a real friend to me. I just want to say that I will miss you Alex you were an awesome friend and if I don't make it to your ceremony, I'll visit you some day. Rest well man you've earned it.

“ My condolences to his family, and to my friend. Provided him a lot of services over the years, even if it was just talking about old-school games we played, new things for sale at the local gaming shop, or mutual friends we'd known over the years. He will truly be missed by all, and hope he's keeping 'em laughing beyond.

Alex, one of my first memories of you came from your mother. You were very young and I distinctly remember your mom telling me about how you couldn't sleep sometimes because you would worry about our Earth being polluted and you thinking of ways to save it. At that moment, at your young age, I realized you already had the intelligence, love, and compassion that some people never obtain. It followed you for the rest of your life and will always be remembered.
