To many to list ... but my best memories was when he worked on his cars and was able to watch and help him with his projects. To me there wasnt anyone better and smarter when it came to mechanics. He was like a doctor but for cars. If your car had a symptom my brother had a cure for it. I love my brother and will miss him very much...

“ *Alfie was one of my dad's best friends and a long time friend of our family. I remember sitting outside and listening to him and my dad talk for hours. He would come over and watch whatever big fight was on PPV with us that weekend. Above all, he always helped my family in our times of need and was one of the kindest people I knew. Condolences to his family and friends in this tough time. A man gone from this world too soon. He will be greatly missed.*
