“ I'm Sarah (my mom's baby (youngest of three)
First off I would like to thank family and friends and her students and my sister and best friends that have all reached out and been checking on me
I really miss you mama this has been by far the hardest and most hurtful thing to happen I was a mamas girl always have been and the last handful or so years we became so close my mama was everything to me I took care of her and was with her everyday and night if I wanted to go out of town or anything she was my wing man for everything as I was hers she was my mama and my best friend
💕 home doesn't feel like home anymore without you here mama
💔😭 even thinking of a future without you in it is just breaking my heart I miss you so much it hurts terribly I love you forever mama and Im praying to one day see you again 🙏💕💋 my mom was always trying to joke around especially when she didn't feel it's how she coped with life..she loved teaching she cared so much for all her students as alot did for her even years later 💕 she always was willing to help anyone even if they did her wrong she was still there her closest of best friends are like our family to..she was always calling everyone to check on them that's just the kind of heart and strength she had..and she loved to talk it didn't matter about what the convo was about or even if it was random convo about a bunch of diff things she loved it and would always keep her spirits up💕
you are going to be forever loved and dearly missed mom

We called her Andra. I'm her first cousin, Steve Chavez, from Jimmy and Angelica Chavez with Andra's mom, Sarah, and my mom as sisters/Aragon. We had many good times going to the Polvadera ranch for just outings and then their famous matanzas.

Me and Andra kept in touch with at least two very long calls per month. She was always a good listener and would always ask how I was doing. If I had a problem, she'd figure it out whether it be a medical or a personal problem.

Andra was a family historian and she knew every relative that ever lived. If one died, she try to explain who it was and how we were related. My son whose mother came from Wyoming and has a very small family doesn't realize how big ours is. I once told him "IN THE THOUSANDS" and I'm right. Andra knew the family history and I encouraged her to write it down. I was surprised too on who we were related to to the point of thinking there was lots of in-breeding in Socorro and the surrounding towns.

I miss her like you wouldn't believe. I talked to her more than any other person including my own parents and especially my mother. I made her style of tamales last week thinking of her which are small ones wrapped in foil. I don't eat pork anymore so I made them with chicken and real hot red chile. Still good but never as good as Andra's. She was such a good cook.

She loved all of her brothers very much and missed the family getting together.

Miss you Cousin.

TO SARAH AND LINDA: Thank you for being there for your mom. She would have never made it this long without you both, especially Sarah who lived with her to take care of her, and each other. That was the Honorable Way to go. THANK YOU.

She desperately wanted to move back to Polvadera and the pool hall but it was lots of work and details and wanted to be close to family, and Linda. Thanks too to Keosha, (spelling and I guess spell check's never heard of Polvadera either?) for helping during her visits to Roswell.

She loved having the kids over and it always sounded like they kept her busy when we were on the phone and plus them helping her if she needed anything. Her dogs too.

Again, thank you.

Andrea was a precious friend and (sister in Gods' eyes) to me, who together shared many fantastic memories about teaching, family, and going out to have long lunches and who now has been escorted into heaven by a choir of Angels. I miss my friend so much because we confided in each other for advice and support on any issue we might have had. Andrea was always there for me and for lots of other people too. With the loving, giving of herself, a big heart and unselfish ways, la gran senora, who independently and courageously built a successful and productive life on her own, in spite of all the struggles she went through. Yet, she also helped all who needed help graciously and willingly, even though she never really felt all that great, she never complained. I miss her terribly and so does my fam. On an impulse I want to call her,but she will always be in my heart and yes, she's keeping the Angels busy talking and laughing and OUR LORD JESUS smiling, happy to welcome her! Hasta pronto mi amiga de siempre!!

I am going to miss Andrea, my sister in law. 2020 was already hard because we lost her youngest sibling, Joey, my husband. Now we have lost the oldest. It was always fun to sit back and listen to the both of them when they would get together and tease each other relentlessly. They would have everyone in tears laughing. I guess now they can continue. If it rains, it means they have everyone in Heaven laughing so hard they are in tears.
