“ I never wanted to have to do this , but here we are..... you were a one of a kind person , someone that was sweet and kind and thoughtful and always looked out for others including myself . This earth wasn't good enough anymore and heaven gained a beautiful angel , but my goodness how I'll miss you and our heart to hearts ... no one listened like you . You're parents raised an amazing man and I know you'll be up there watching out for them now . I love you, I'll see you again soon I promise .

“ Tony, I still can't comprehend you were always so full of life. Laughing and joking. I want to thank you for always always being you, the gentle giant your brothers keeper to all of your friends. You had the biggest heart Tony and will truly be missed. Martha and Victorio I cant imagine what you must be feeling and i am so sorry. Tony was part of our family too not by blood, but by love and respect. He was who god wanted him to be. He truly touched many lives and the memories he left behind will forever be in the hearts of those that loved him. Rest in peace Tony

*Tony, my friend. We spent many hours talking about the cancer that was consuming my father. And You convinced me to go up on Father's day. That was the final Father's Day my Dad would have. And I'm grateful for the hours of conversation. Perhaps that was your purpose. No one made it as clear to me, --the importance of family. Forever your friend..*
