“ *I've known Arthur Waltrip for many years now. I took care of June when she was ill in Dalhart. I adopted him as my second father. I so love him. I was there at his daughters house in Dalhart to see him often. He was an awesome man. Always in good humor. He was my Faud, as I called him. I give kudos to his family for making sure he had the best care possible. I know he is happy now with June and in no more pain. I'm Blessed to have had him in my life. Along with is wife June. I hope his trip to Heaven was brief and the hugs were tight from June and God. I love you Faud. May you rest in peace.*

“ *Dear Cathy, Denise, and Rick*

We want you to know how much we loved and respected our good friend Art. Many, many great memories of our years working together. Got to say that Art was one of the best mechanics and knowledgeable all around guy that bonded our relations through the years. To work together for a few short years yet stay connected over 50 years shows what good friends are all about. We will miss you my friend.
