

Austin Wallace Wulf

June 7, 1992 - March 9, 2026

Austin Wallace Wulf, 33, passed away on March 9, 2026. Born in Roswell, New Mexico, on June 7, 1992, Austin was the cherished son of Dr. Lisa Reinecke-Huffstutler and Dr. David Huffstutler. He was lovingly raised by his mother, Lisa, alongside his adoptive father, Thomas Wulf, and stepmother, Dawn Wulf.

Austin graduated from Gateway Christian High School and went on to earn a degree in kinesiology from Texas Tech University. At the time of his passing, he was a dedicated scribe in the emergency department at Eastern New Mexico Medical Center. Known for his leadership skills and strong work ethic, Austin was admired by his colleagues and friends, often entertaining them with his clever impressions of presidents both past and present.

A passionate outdoorsman, Austin found his greatest joy in hunting and fishing. His adventurous spirit led him from the wilds of Africa to the shores of Mexico, but his heart belonged to the vast landscapes of Alaska, where he spent considerable time exploring and seeking new adventures.

Austin had a unique ability to connect with people, embodying warmth and kindness that put everyone at ease. His friendships were deep and enduring, a testament to his genuine loyalty and affable nature.

He leaves behind his beloved parents, siblings, extended family, and a wide circle of friends who will forever cherish his memory. Austin will be remembered for his charisma, humor, and the remarkable way he touched the lives of those around him.

A Memorial service to celebrate Austin's life will be held at 11:00 am on Saturday, March 21, at Christ's Church, 2200 N. Sycamore Ave., Roswell, New Mexico. All who knew and loved Austin are invited to attend.

“ I had just worked with Austin, Dr Pope and Alex two weekends ago and when I walked into the doc box I said “ I get to be mom today for all the boys working today” it is always like herding cats , with trying to keep on task and not to be hysterically laughing. Austin was always joking and doing his impression of President Trump so it was never like working it was a pleasure to see him sitting in his chair because I knew it was going to be a great day! They say laughter is the best medicine and that is true. My heart is breaking at the thought of going back to work and seeing his empty seat but I know Austin will have the angels laughing. We love and miss you Austin and my heart, soul and prayers go out to the family!

“ Austin, you were someone I truly cared and loved and I will always cherish the time we shared. You were there for me through some of my hardest moments, and I’ll carry that with me forever. I will hold close all of our special memories—our dates, playing golf, dancing, and singing karaoke together. I can still see you dancing with me in every parking lot after dinner, laughing and being your silly self... those are the moments I’ll miss the most. Being with you felt easy, and your presence meant so much to me. You will always have a place in my heart. I miss you deeply... until we meet again.💔
