“ *I have very fond memories of Barbara. She was always positive no matter what was going on. She had the strength of a thousand and was fearless in the face of crisis. I learned to hold my head up and forge ahead from Barbara and that is a lesson I live to this day. Barbara will always have a very special place in my heart and her lessons and kindness will stay with me for the remainder of my days.*

Godspeed Barbara. Save me a seat, would you? I love you!

“ *'Mom' was the strongest woman I'll ever know. When I was 15, I had no place to live and was in love with her son Danny. She took me into her home and her life. She really was like a mother to me for the last 34 years. She taught me that you must carry on no matter what. I will miss her peanut butter cookies (especially the crunchy ones). The endless hours of M*A*S*H, Matlock and Bob Ross. The way she said, "Son of a B*tch." But most of all I'll miss her laughter.*

“ *Aunt Barbara a gorgeous, head turning, young woman and beautiful, warm and caring mature lady. Always willing to take time to listen or share a thought or a memory be it funny or sad. Her life experiences gave her understanding and compassion beyond belief. She was one individual that never judged, seldom complained but always willing to give a hug, a complement and wise words to live by. I am sorry I was not able to be with her in these later years but she was and is forever an important part of my life. Thank you Aunt Barb. I love you.*

“ I didnt have the pleasure of knowing Barbara very well but what I did know was she loved her children and her grandchildren as they did her, she will be missed. The loss of a mother is one of the toughest pains anyone must endure and my prayers are with all of you. Love to you all

“ *My mom was the most loving, giving person I ever met. I could talk to her about anything in the world and she was open, kind and free with advice, life experience, her thoughts, and feelings about whatever I needed. Her heartbreak throughout her lifetime was more than any one human should have to endure, but she did, and she did it well...even though she didn't think she did. She told me (more than once) that whoever coined the phrase "growing old gracefully" had to have been under twenty years old or just plain stupid, because there was absolutely nothing graceful about growing old. What she didn't realize was that she was the very definition of "growing old gracefully". I will always love and miss her.*
