When I must leave you For a little while- Please do not grieve And shed wild tears
And hug your sorrow to you Through the years, But start out bravely
With a gallant smile; And for my sake And for my name Live on and do All
things the same, Feed not your loneliness On empty days, But fill each waking
hour In useful ways, Reach out your hand In comfort and in cheer And I in turn
will comfort you And hold you near; And never, never Be afraid to die For I am
waiting for you in the sky!
