

Brandy Rhea Bell

August 30, 1988 - March 20, 2022

We mourn the passing of Brandy Rhea Bell who left us too soon. Brandy was born on August 30, 1988 in Phoenix, Arizona. She continued her journey on Sunday, March 20, 2022 in California.

Brandy lived her life on her terms even before she was born. Anyone who met her will never forget her. She was an organ donor and gave life. Anytime she was around we would have to check for our lighters as she was a grand master at keeping everyone's lighters.

Brandy was a free spirit that touched multiple peoples lives. She inspired others to seek treatment. She friended and protected many. She showed acceptance of others and empowered them to be who they wanted to be. She herself wanted to be a substance abuse counselor. Her smile was infectious. She was a loving and caring soul. She was an artist and passionate in the things she loved. Brandy had a love for music and enjoyed seeing her favorite bands. Even more so, she loved her children. She wanted to come home. Brandy was preceded in death by her grandfather, Willie Leos and her beloved pet D.O.G. who we are certain are right by her side. Uncle Rodney Hendrix and grandfather Howard Hendrix.

She is survived by her two children, Molly Jane Bell and Hunter Parker. Her mother Ruby Leos and father David (Vanessa) Bell and her very special person Will McLauchlin who was a mentor, second dad, and loved her with every ounce of his heart. Her brother Rodney Bell and "seester" Mia Messier-Leos. Her grand mother Esperanza Leos. Her partner Danny Cruiel. She is

also survived by her aunts, uncles, and cousins; Maria (David) Ayala, Lorraine Ramirez, Brenda Leos, Jennifer Leos, Bill (Lisa) Leos Cousins: Sophia (Eric) Gettys, Marcos Ayala, Vivian Ayala, Daniel Ayala, Jessica Ramirez, Ciera (Scott) Ramirez, Freddy Ramirez, Willy Ramirez, Erica Leos, Isaiah Leos, Hailey Gilbert, Ryan (Rauni) Leos, Sarah (Casey) Shaw, Taylor Leos. Special thanks and endless appreciation to The Bridge City Sinners, Libby, and Danny. She was surrounded by love and not alone when she passed. Thank you to her cousin Ciera Ramirez for her support and to All those that donated to help bring Brandy home to rest.

“ *Brandy,
No matter how far Antonio had to search for you, he always made sure that he kept in touch. This is where he found you this time. You were a very important friend to him, Nancy adored you and I hope that you knew that you were very loved. I regret not making a bigger effort to get to know you better. But cherish the times I did. We all have our baggage but despite those things you were the nicest most kindest person that I've ever met. A fighter. Survivor. Beautiful person. I hope that you are at rest and finally have found that home and peace that you were looking for.* 🖤💔🖤

“ *Brandy was my student in 4th grade at Del Norte . My favorite memory is walking by Brandy's desk and seeing this elaborate and lovely design she had drawn all the way down the leg of her jeans. I was in awe of her talent and even suggested the possibility of having her do a pair for me! Lovely!! Brandy was a happy spirit with a big smile. I was so shocked and saddened of news of her passing. I have been blessed to have Brandy in my life along with all of her extended family. My deepest condolences for your loss. May sweet memories bring you happy memories.* 🙏

“ *Brandy was one of my 5th graders many years ago. She was so talented in art and in story writing. She taught me a lot about accepting everyone just as they are. I later had her beautiful daughter Molly in my class. These two young women have always been in my heart. Prayers are with this family.*

“ *Brandy was one of my very best friends. We were babies together; we were children who were imaginative and I admired her innovation- it made every summer fun. As teenagers, we had different ideologies and went our separate ways, but as young adults all the way up to her passing, we remained the best of friends. I miss her dearly. What I love about Brandy is that she would want all of us to live our best lives and to absorb every moment of joy, wipe away our tears, and move through and heal from our pain.*

Brandy, I miss you and you are always on my mind and my heart. But I hear you in the birds that sing, I see you in the butterflies gathered in front of my house. I feel you in the breeze on a warm Spring day. And I know in my heart that you love and valued me. You empowered me to be who I am and because you planted a seed in my heart, I will continue to grow with you in my memory. Forever.
