“ *My baby girl! I remember you just as that, my fondest memory of you is when you would cry for me when I would leave to school. I'm not sure how we pulled it off, but nana and your mom got an approval from my school and I took you with me. You were so excited and thought you were a big girl! You sat still and listened to me all day because I threatened you I would take you home if you didn't. You were the cutest baby and grew into the most beautiful young lady, I'm so very proud to have been blessed with you as my niece. Words could never express the hurt that anyone lucky enough to have known you feel right now! You my Briana are now going to take care of your uncle Ardo and your cousin Mable Rose. We love you and we will never forget you and what a beautiful person you are!*

This precious woman is leaving us so bereft because she was such a blessed independent woman her whole life. She lived to be as self-sufficient and loving as she could. Her sense of humor will be most missed. She will be in my heart forever...
