“ Worked for "Uncle" Buddy while I was in college. He taught me alot and was a good friend. He is missed very much.

“ I was in his class and Mr Juliana's 98-2000. Served in USN as Electronic Tech on Subs. Then took renewable energy with him after HVAC. He will be very missed as a friend/instructor. I was shocked when I read paper yesterday. He'd pick me up on way to college and we'd talk on way.

“ I shared a program and an office with Buddy for many years. He was a great colleague. In his time at ENMU-R he received many recognitions, such as the KOSA merit award, and served on the important committees, such as the Faculty Evaluation Committee. I'm sure he has been missed since he retired. We met for coffee at the Capitol a few months ago. He hadn't changed a bit so I was shocked to hear he had passed. Buddy certainly will be missed by me.

“ *Ed and I were lucky enough to be friends with both Buddy and Joyce for a very long time. We had a lot of camping trips, fishing trips and of course trips to their home and they to ours. We spent many hours just sitting and visiting. I am sure that both Ed and Jim welcomed Buddy with open arms. I know he is enjoying his time with his family and friends in heaven. We all will be missing Buddy here on earth until we all can get together again up there with a big party.*
