I worked for Clydia at Broadmoor Drug from 1981 until 1984 . I truly admired and respected her. I loved to hear stories of her days as a stewardess, and then a model, before becoming a wonderful mother and wife (and boss). As was mentioned by others, her family was everything to her. I remember she was so extremely proud of her sons, their wives and the grandchildren. She was beautiful both inside and out. She was the sweetest woman with a very big heart, and at times acted as a surrogate mom. Over the years I lost track of her. I had tried unsuccessfully to locate her. I regret I was unable to let her know what a special person she was to me, that I still think of her often, and how much her support and good advice meant at a time when I truly needed a friend like her. The world is diminished with Clydia's passing.

“ I worked with Claudia in the Hospital in Hobbs, she had the biggest eyes, smile, and did any thing she was ask to do. At the time she was caring for her husband that had a stroke, with all the difficulty's she never complained she always seem to figure a way that made it work. Different from the rest she never ask for help ,I was thought she was a Angel here on earth. Just wanted to say Love you Claudia and may God give you the biggest mansion and crown you are worthy....Sandra Claunch and Judy Miller Deyarmon

“ A Tribute to Mom,
Mom, you brought us into this world and along the way you kissed and fixed our boo- boo's and taught us things about life and love that are still with both of us today. You were there for all our triumph's as well as the lows that eventually come to everyone and you helped us through them with your love and understanding. You loved us unconditionally, even as hard as it must have been sometimes. You welcomed our wives and accepted that your sons now had someone else to love and care for, and oh how you loved your grand babies. You left us on Thursday, and though that hurts so bad, we are so joyful knowing that you in Heaven with God and Dad. Time will make the sting of your death not hurt as much, but you will always be here in our hearts, and we will continue to be so proud to say " Yes, we are Clydia Gant's sons"

“ *I met Clydia when I worked at Lea Regional Hospital back in 1990-1994 and she was a very loving, caring, understanding person that I got to know little by little and was a lady I came to admire. May God have her by his side and may he bless her family with coping through the grief they must deal with now. I love ya Clydia!*
