I go to life and not to death From darkness to life's native sky; I go from sickness and from pain To health and immortality. Let our farewell, then, be

“ *I will always remember visiting with you in your home and you always made me and my family feel so welcome. I love you with all of my heart and I will take care of Saeje as you requested. I will miss you but I know that you are no longer in pain and you are able to see and walk. Now you are able to dance with joy since you are able to see and feel like new. I love you and miss you.*

“ Do not stand at my grave and weep I am not there; I do not sleep. I am a thousand winds that blow, I am the diamond glints on snow, I am the sun on ripened grain, I am the gentle autumn rain. When you awaken in the morning's hush I am the swift uplifting rush Of quiet birds in circled flight. I am the soft stars that shine at night. Do not stand at my grave and cry, I am not there; I did not die.
