“ *And he puts his boat in the water for the last time
A tear will fall for the last time
I wipe the tears from my face with your old shirt for the last time
I cry about the last time I said goodbye to you*

*More then oceans separate us
More then continents themselves
But in my heart you will remain
Along with everything you taught me*

*Memories seep from my veins
Vivid pictures of you lay softly in the back of my mind
But you now rest in the arms of the angels
Everyday I wish you were here to hold me in your arms
And comfort me threw every obstacle in life
And such a thought brings me weeping on my knees*

*And everyday I picture you
I remember you
And everyday I struggle with the reality that you're gone
And with that struggle I make it threw another day*

*Everything happens for a reason
Yours was to build me up
And no one can ever tear me down
You taught me all you could in your short time with me
And now my only job is to remember and never forget*

*Rain is nothing but tears to me
Tears from a man who wasn't good at sharing his emotions
Although going on without you upsets me
Everything reminds me
I'm not afraid to cry
I pretend to be ok everyday
And it's always hard to deal with the pain of loosing you
And force that smile when it just won't come.*

*The wake comes off the bow
The anchor is reeled in*

Another tear softly falls for him

“ *Those special memories of you will always bring a smile. If only I could have you back for just a little while. Then we could sit and talk again just like we used to do. You always meant so very much and always will do too. The fact that you're no longer here will always cause me pain, but you're forever in my heart until we meet again. Love you always.. I'll never forget you.. I'm blessed for the time I had u in my life 😊😊*
