“ *The news of Darely going to heaven so soon was unbelievable and heartbreaking! Her young spirit was only starting to bloom; she was going to reach any goal she made and she knew it! She was fearless and brave and had the world at her fingertips!*

I was her 5th grade teacher last year, and she was definitely an amazing force!! She was a leader, who could make you laugh and cry in the same paragraph. Her writing could captivate anyone and she was proud of that. Her stories and articles were always on my super student wall because she always knew the words to write and say as our class learned and grew together.

In class, we often would talk about the legacy we leave people through our interactions, work ethic, behaviors and attitudes everyday, and I saw her legacy to be one of incredible strength, friendship, loyalty, growth and inspiration. Mom, dad, and family, you did a wonderful job!! Iveth, I can't imagine your heartbreak right now, and I pray for comfort and love for you and all your family as you lay your beautiful princesses to rest. Thank you for sharing her with our school and the world! She will never be forgotten ❤️ Rest In Peace, Darely!

*Sincerely and with my deepest condolences,
Ms. Guzman*

I promise to do good and honor your name I know your watching me type this so I ask you ... please... please protect us and watch over us ...I miss you so much you don't understand how much we re-read everything but I know ..one day I'll see you again .. until we meet again .. 6.16.20 ✨

tomorrow marks one week .. and we all haven't been sleeping or eating .. it's just to hard for us to take in especially the person you loved the most ... we had so many future plans with cat shelters .. vacations to Paris.. seeing you graduate .. get your first car .. job ect... but most importantly... you were getting braces and I remember I told you "choo choo" and you laughed and hissed at me .. bc I knew you'd look amazing ... our hearts been heavy ... and I leave text messages and voice mails for you both on different media's ... I pray every night you visit in our dreams ... to tell us you love us ... we know life will never be the same without you so we're staying strong FOR YOU ... I felt you communicate through songs and knocks 🙄 like don't scare me girl just say wussup you feeeel? But it's nice feeling you around ... one day when we see you again well tell you everything we did in your name and how you embraced us all ... your so special ... those gifts you had .. save em .. we'll definitely pick them up someday and that journal you were writing in .. your book about "my life" I hope one day your parents give us it .. with everything we believe in .. we love you both so much and Darely ... don't blame your self .. Danae .. don't blame your self .. cross over and follow the angles ... I'll be a couple steps behind but I promise my love's ... I'll come home soon ... R.I.P My Angels ❤️✨
