“ David, such a quiet and peaceful person. I am in such disbelief that this has happened. I have known you for so many years but got to really see you while staying over many times at 57th with you and your Mom. Rest easy and visit your Mom in her dreams, she really needs it.

“ David was such an amazing person! He was very loving and kind hearted! He was so joyful to be around! I personally had the privilege of knowing about him and his family and I had the honor of being his special friend, as some would say! Yes, he not only was he one of my best friends but he was more to me! We had moments but one thing for certain was we always found a way to each other! What made me really have the feelings for him that I did is because how I felt when I was around him or with him! How I felt when I talked to him! How much my kids adored him! They say when you have a connection with someone to not loose it and because of my past relationships especially one in particular I was scared! I was also scared to say anything afraid of ruining our friendship! I knew we felt something and was working our way towards it but tragic happened and I didn't get the chance to say how I really felt! When I found out of David's passing, I was in disbelief and I did what anyone who truly cares for someone would do and I called him! I couldn't believe it! David loved his family so much! He and I would talk about his family and my family alot! He was very special to everyone who had the honor of having him in their life! I was very honored and I will make sure his memory lives on as I know his family and everyone who loved him will! We love and miss you so much David! Fly high and enjoy heaven! We all will see you again!

“ *Dave was the sweetest, kindest, human being. Would do anything for anyone. He had a great sense of humor and we always had fun going to theme parks and riding the roller coasters. We loved going to Busch gardens in Tampa and Islands of Adventure in Orlando. He was my 1st real love, and after 6 years together, we still remained friends and always had some good laughs. He was a part of my family, no matter our situation, he was always around and always welcome. We will miss him greatly, but I know he is up there with the rest of the family, watching down on us all. He will never be forgotten. We love you Dave.*
