“ *Just heard about Dennis' passing by reading about it in the "In Memoriam" section of the latest San Diego State alumni magazine. I was in the Boy Scouts with Dennis in the late 1950's in Chula Vista. Our home was across the street from the Ybarra home on 2nd Ave. This makes me so sad to know that he and I never really got a chance to meet as adults - he started his pursuit of flying and I went my way. I was also sad to learn of the passing of his mom. She used to watch over me after school when I was little. Liz (I knew you as Agnes), please email me if you would like.*

“ I met and got to know Dennis through the Walker Aviation Museum Foundation and was privileged to serve and work with him on the development of the memorial erected at the airport. In many ways it is a fitting legacy for him because it reflects so much of his life that was committed to aviation and to the service of this nation. He will be sorely missed as will his frequent emails that always brought a smile to my face.
