“ *I best remember Dona Conway as the woman next door with 6 kids. My father and I shared the driveway between our two houses in Grand Rapids.*

Besides being a neighbor, she was also sometimes a mother too me. Taking me under her wing. Looking back, I remember her as being all heart, but took no gruff from anyone. She captured my attention and that of others by the way she carried herself & raised her family. She spoke with loving authority and lead by example. You knew you could trust her because she would tell you the way it was! Give you praise when you excelled. Bottom line: she left a lasting memory with me to this day of the word “Respect”. I am sure there are others that may have experienced the same. I’ll remember her because of her sincerity and love of heart. A True friend!

To Scott, Linda and Rick. I am honored and blessed to have known your mother. She was truly a blessing in my life and I will miss her.

“ I will truly miss Ms Dona. She was my NM mom. I truly loved all of the time we shared... Even the times she was correcting me. She was a Grandma to my children and a supportive, loving support for me. My kids remind me daily of some of the little things she thought them... Like making one of her treats... Or telling me not to cry there is stuff to do and I should not be sitting her crying.... I am so grateful she is no longer in pain and rejoice that I will see her again soon.
Prayers are with her family.

“ I am already missing our phone calls and wonderful conversations. She was everything an Aunt could be to me and like another mother. She was so inspiring and courageous. Her laughter and joy in life was awesome. I wouldn't trade any moments or memories I have of her for anything! How fortunate I am to have had her in my life.

She loved my husband and he was always her nephew. I have so many memories of her there isn't room to share them all.

I am grateful she is no longer in pain and I am picturing her in heaven with her other loved ones.

To my cousins she left behind, Linda, Rick and Scott know that I love you and wish you peace and comfort in the days ahead.

Truly my Aunt Dona was and is one of a kind...they certainly threw the mold out after she was created! I will love you always.

Your loving niece,

Barb

“ Mrs Dona was an amazing person. She played the organ and piano with the Angels here on earth and now she is in the Heavenly Symphony now. I know she is jumping up and down and running everywhere now. No more heart ache no more sorrow. Rest in peace. I will miss you put I know where you are now is a better place.

She loved her family and talked about them every chance she got. She couldn't wait for night time to come so she could have her nightly phone call with her sister.
