“ *I have known Don for many years, he and my late nephew, Billy Eaton, were good friends. Our transportation network transported Don many times to his doctor's appointments. Several times he would call me to confirm his appointments and sometimes he would forget to make one! We would always have a good laugh when he did that! What a guy he was! Always polite and kind. I will miss talking to you, Don, but I know you are in a beter place! R.I.P. Don!*
