“ *Happy Birthday Grandma Dorothy!*

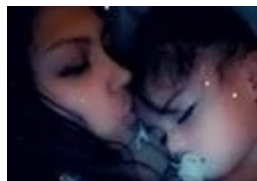

If you don't already know your granddaughter is absolutely amazing in every way. Nema carries herself with so much confidence, sassy attitude, and where's her heart on her sleeve. When it comes to her brain she loves to learn and challenges herself with a puzzle or she is hooked on phonics. She loves watching nothing but Toy Story and her type of music is Britney Spears. She has this little voice that says the darnest things. She is drop dead gorgeous and the more she grows she gets even more beautiful.

“ *She's Like The Wind!*

Isn't she beautiful!!! Living in the moment is something Nema does on daily! I will never take any moment spent with her for granted. She has been the biggest blessing I could ask for. I love being her Mommy and everyday I fight to be a stronger woman for her. Raising Nema isn't easy and thankfully it doesn't take a village. Patience and Love is all she asks for. Oh yeah she asks for cookies too. We love you Grandma Dorothy!!! Watch over my baby!!

“ I wish i had a chance to meet you but i heard so many stories of how beautiful of a person you are. I gave birth to your newest and youngest grandchild. Her name is Nema Dorothy-Ann Gonzales, she looks like Eric so much. Nema is not only gorgeous but the happiest baby you will ever meet. Just looking at her you can see she is so full of love. I wish she could meet her Grandmas but i know you and my mom are watching over her. Even though your gone she will always know who are. Nema has been wrapped in your cover Eric gave me since the day she was born. She cant be without it and seeing her with it is like seeing you wrapped around her. Nema loves you Grandma Dorothy and i hope your okay with me naming her after you. Please watch over her and when you can meet her in her dreams.
