“ *I was saddened to read of your loss but knowing she is with our Lord gives comfort....I pray your faith gives you strength....Dorothy was a precious lady....we chatted often when I worked at Prime Time....she called for prayer. She and I talked about that at your wedding.
I pray you find peace and rest in Him.*

“ Grandma,
I want to say thank you for being an important part of my life and for keeping in contact with me from when I was a child and even on through my adult years. You've had a profound and inspirational influence in my life and I feel proud to say that you you've had a hand in raising me and making me the man I am today.
I'm so thankful I had the opportunity to see you and that you had a chance to meet my soon-to-be wife. Although we had hoped to see you many more times after, we will always cherish those few days and the time we spent.
You will be remembered and talked about often in our household, we love you very much.
