Eddy will be missed by Madalyne (granddaughter) and I very much. He always had something funny to say he loved making people laugh. He was very creative and inventive. He loved making new contractions that no one would ever think of. He always counted me as part of the family and loved unconditionally. Now he can rest with his wonderful wife that he mourned for every single day. They are both in God's loving arms. May God bless the family and give you peace in his presence. Love always.

To my cousins Chris, Paul, Pamela and Sofie, you are in my thoughts and prayers. It is unimaginable what you all have been through in the last few years. I hope and pray you feel the love and prayers surrounding you all during this difficult time. May you find comfort in the memories and love you all share as a loving family. What a love your parents had for each other, and for you all. May you continue to feel their love upon you all.

Just a few memories I'd like to share.....I will always have fond memories of our times shared at your family home. The memorable halloween costume parties, apple bobbing contests, and the many other wonderful get togethers in Tio and Tia's beautiful backyard for birthdays and family visits.

I will always remember and admire the tree in your front yard that many climbed on. It symbolizes your own family tree... strong roots and beauty extending throughout.

May God grant you all comfort and peace, always and forever.
