“ *Hi... just missing you this first year of your passing. I think about you all the time and sometimes feel you *iching at me for something then I tell myself, "now you see why" and I don't let it bother me as before. Still missing you very much. I know you're in a better place filled with the love you've always dreamed of. <3*

Love you forever kathleen

“ *To my Friend Eillen, I loved you like you were my favorite Aunt. I just found out about your passing. You were always so close to the blessed mother. Whenever I called and spoke with you it was always so great to her you tell me to stay close to GOD. You always mentioned your kids and were a proud mom. GOD bless you and I was blessed to know you. I miss you my friend but know I will see you when my lord calls me home. Rest in Peace. John Montoya johnlukemon@hotmail.com*

“ *Adding our prayers and missing Eileen!! She & I spent many beautiful mornings and afternoons in her San Patricio cottage praying, studying, laughing, and crying together. Most often we ended up talking about our kids. She was so proud of you three, Sean, Kathleen, and Patrick! I, too, had a Shaun and Kathleen, then Misty. Eileen's family and faith were her foundations. She was a fun girlfriend and a fierce defender of her friends and loved ones. God's spiritual warrior, Eileen never hesitated to right a wrong or speak truth as she understood it. She loved this time of year the best with the fall colors in the Hondo Valley! Lovingly, Pam and H.L. "Mac" McArthur, Lincoln, N.M.*
