“ *I was saddened to hear that Elba Cueto passed away. Your mother/wife Elba, used to work as a caregiver for an Agency (El Mirador) I used to work with. She was a lovely and compassionate person. She was dedicated in caring for others and did an excellent job. Her sister Margarita is the one who introduced us and they are both very kind hearted and family oriented. I am praying for you during your loss. Please know that you are in my thoughts and prayers. Sincerely, Dora Gonzales*
