“ I worked with Miss Ellie as I called her for many years at the bus plant. She was such a a fun lady and we always had a good laugh at work. The last time I visited Miss Ellie was to tell her our coworker Sue had passed, we visited for quite some time and had a few good laughs. I will miss her dearly

“ Basil and I used to fight over who got to spend the weekend with Aunt Ellen. We would spend months going over the sears catalog picking out what we wanted for Christmas and she never disappointed us. For the last 20 years i have always commuted from work and our phone calls always made the drive fun. The last several years we had lots of laughs of the fun times. I will miss those calls. She was a second Mother to many nieces and nephews. Thank you for all the wonderful memories and say hello to mom when you see her. I love you so much

“ I worked with Ellen at the bus factory in the Plant 3 Paint Shop. She was the most delightful person you would ever want to know. She had a beautiful personality to go along with her beautiful smile. You could hear her laughter from afar and you just knew she made someone else laugh too! I loved her dearly and have thought of her often. We shall meet again. My condolences to the family and may God bless you during this time. Carol Brady Phoenix AZ
