“ Tio was an amazing person in my life, we had so many good memories together when they lived on 15th street, he was always smiling and even on his bad days he would be strong, I never thought I would never see him again or that he would leave us so early, but it happened and when he passed that same day I talked to the school counselor and I told her I was scared because I didn't know if I would have a chance to see him one more time and say my last goodbyes. When my parents picked me up they told me the horrible news, I was upset because I never told him how much he meant to me. The funeral I couldn't believe it, it was unreal, I couldn't and I didn't want it to be real but it was and tio will forever be in my memories and my heart. my favorite memories was when we would walk around the draw and how he would always say your shoes are untied and I would always look down, he was such an amazing part of the family, he was my favorite uncle and now seeing tia without him its weird, tio was a strong person throughout his journey, he is now what people call home, I was selfish and wanted him here but now I know that he would be suffering if he stayed. I miss you sooo.... much tio!!!! I love you and you will forever be treasured in my memoies.
