“ *Emma,s smile and welcoming nature were her gift..never a person entered her house without feeling welcomed...and she always made you feel like it had been ages since she saw you last. Even if it was just yesterday that you visited. A glass of water from this angel was a gift from heaven. She is tending to God.s angels now. WE will miss her...but she has gone to her chosen place amongst our other loved ones who she is reuniting with today.. Go in peace Emma..say hello to our loved ones there!,*
