“ To the family of Henry, our condolences on your loss.. I worked with Henry at the post office for many years and also played tennis with him. Sometimes some of us from the post office would get together and sit in the back of his old white van and enjoy a cold beer. Henry and I would tease each other constantly and he would always tell me how I needed counseling and he would offer to be my counselor and we both bust out laughing. He was truly my mentor and great friend and to this day I have many great memories of our times at work and off the job. May God Bless your entire family. 🙏 Rest In Peace my friend.

“ Henry I will always remember you for taking me out to play golf for the first time. You gave me golf lessons and gave me my first set of golf clubs. When we visited you in Houston you took me to the Houston Open and we followed Lee Trevino and Jack Nicklaus. I always admired your ability to make people feel special with your kindness. I will miss your phone calls and talking golf with you. When you get up there to the big golf course of heaven make me a tee time. I will meet you there one day.
