“ *Thanks, Dad, for being the dad you 'didn't have to be.' You took us in at an early age, provided us a living, taught me things about electronics, instilled in me a love for radio, taught me about working on cars and fishing. I remember fondly the Sunday drives around Kentucky and Indiana and the weekend front porch cookouts. Enjoy God's presence for eternity and save me a seat.*

“ *I have not seen Mr Greer in over 10 years, but he taught me alot about ham radios & electronics, I just wanted to let his family know, I thought alot of your father. Rest in peace Mr Greer.*

“ I was not ready for you to pass on, grandpa. I wanted to hear more of your stories, stories of how you taught my dad things, stories of how things were in simpler times. I miss the playing with electronics... and how you always wanted to teach me something interesting. I'll see you at that flea market in the sky.

“ Very sad news for us. Everett has been a very good friend for more than 30 plus years and will be missed. On a happier note he is now with our little Buffy and my deceased husband Pete. He has been there through it all. The joy of heaven is now yours. Matt and Betty

“ My prayers are with the Greer family. My dad, Frank Kifer, was friends with Everett for many years, until his passing in 2001. Everett was a great friend to my dad and I know he will be truly missed. I pray that God comforts you during your grief. Lori Kifer Taylor
