SOMEWHERE IN HEAVEN by Santana

Somewhere in heaven

There is a place waiting for you and me

He made a promise

Then gave every drop of His blood

Died on the cross so we'd be free.

“ *Condolences to the Pino family and much prayer heading your way. I grew up playing football with Frank at the Missouri Ave Park. In high school Frank was always a friend to all. After I moved away I would see him from time to time. Even after not seeing him in over 20 years he still remembered our fun times in school and hanging out. I cherish the time I got know him. God Bless, Tommy Vallejos, Clarksville, TN*

“ To all my cousins and their families. It is with deep sorrow I learned of Frankie's passing. Growing up riding bikes on those steep driveways in Roswell until I last saw him, he was always kind, considerate and thoughtful. He was considered part of our family for always taking time out of his busy schedule to check up on my mom. I will miss you Frankie and as always keep all of you in my thoughts and prayers. God Bless you all.

Love,
Jerry Garcia Jr.

“ Condolences to the Pino family. I know his family was always a priority for him. Please find joy in what Frank brought to us here on earth. He was a good man and a great friend.

Many wonderful memories for me...cruisin' in the brown Bronco, attending mass at St Peter's, laughing at as much as possible somethings we should've laughed at and some we probably shouldn't have, searching to have even more fun, listening to music, visiting the wizard, munching down in silence until the food was gone, when we were younger chasing the ladies and hanging out happily with the guys when we couldn't catch the ladies.

Frank played this Pink Floyd song for me the very first time I heard it and now the lyrics seem appropriate.

How I wish, how I wish you were here.
We're just two lost souls swimming in a fish bowl, year after year,
Running over the same old ground.
What have we found?
The same old fears.
Wish you were here.

God bless you my friend.

“ To my brother-in-law Frankie: when I met you, you were a young 12-year old lad, but I could tell you had a lotta spunk and personality in you. And, sure nuff, as the years went by, I seen you grow into a fine man with a big heart and lotsa charisma. You and I cruised together early on, listening to that good ol music, chattin, and enjoying ourselves. You were always good to me Frankie even when I was no longer a part of the family; speaking of, a Big Thank You goes out to you for filling my shoes in raising dem boys when I wasn't around. When I went to see you the other day, I could tell that you were tired bro; it broke my heart but you still had a sense of humor and made me laugh. I told you I love you, you told me you love me too. Until we meet again Brother, God Bless You! My condolences goes out to the entire family!
