“ Rest In Peace primo! To many awesome memories to write about but some of the best ones are the times we spent together doing the crazy things we did ! I always considered you the best basketball player in high school! Know that I will miss you and I'll think of you often! You have left a beautiful family to carry on your love of family and friends! My dad always hoped that there was horse racing in heaven so I wish you the best of luck in your new heavenly home! You will be missed ❤️

“ *Freddy Herrera,*

It's never easy to say goodbye, so I will say "Until We Meet Again." Primo remembering our lifetime together; first of all our childhood. Glencoe, New Mexico was not like it is today, we always had to think of things to do. But of course doing our chores first, oh how quickly we got them done. Especially because we knew we got to play basketball on the gravel, which share our blood, sweat and tears.

We didn't just share the love for basketball, we enjoyed every hot sunny day. Fishing in the Hondo River with our bare hands. Hanging from branches and jumping into the deeper parts and what we called swimming.

Then we grew up and started driving, so naturally we would race not only by foot but by cars. (By the way don't tell my parents.) [Fermine and Cerenia Montes.] This is our little secret.

Now, as for as for dancing everyone knew I was the star of the family. But I was extremely proud of my family and friends would win the title of "Fiesta King and Queen." I think everyone knew that since my mom taught us that I would automatically win. But we ALL won really because, we all wanted the lime light.

When I married my high school sweetheart Geraldine Sanchez and we move to Dallas, Texas you eventually moved as well. All we did was work but we always made time to get together and play basketball, laugh, and take a break from the every day work and grind. Geraldine loved it when family would be around.

Geraldine and I are going to miss you so much. You will always be in our hearts and memories.

Primo your love of life and family is greatly appreciated and noticed as we remember our own experiences and memories. We ALL Love You with All Our Hearts.

Sending out our love and prayers to the entire Herrera family.

Rest in Peace

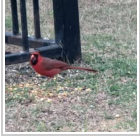

Primo Freddy Herrera

Love you Always. ❤️

“ *For the past 3 summers I have walked my dog Blu most mornings. We walked to the Links trail and one of our stops would be the cart barn at the golf course. Freddy always had the bucket of water filled for the golfers to get their towels wet, but we called it Blu's water bucket. Freddy called Blu, Big Red because he is a dark golden retriever. Freddy made our mornings special. I loved bantering back and forth with Freddy. He always had a huge smile on his face! He will be greatly missed by everyone who had the honor of knowing him. Thanks for the memories, Freddy!*
