AN

“ Gilbert was one of my good friends that I grew up with along with his brothers Rene and Giddy. He was an all around great guy. My favorite memory was when I was in my 20s and I used to be overweight but after graduating high school I got buff and lost all the weight. Every time I come around and I see him and I would say "problems?" He would back off and act scare and raise his hands and say "oh no problem man" then we would laugh and exchange a hand shake and a smile. He loved life and the Lord. He never stuck his nose in anybody's business but would protect his family and friends with his life. He wouldn't hurt a fly and was always ready to give a hand when needed. He was a hard worker and always came home to grab a beer and come sit with us around fire and listen to some No Es Justo and other spanish music.

He's gone but never forgotten and we will see him in our dreams and when we walk down memory lane. He is in paradise dancing the old Jarabe Tapatío laughing and smiling because he is suffering no more. He may not be around anymore to make us smile, laugh and cry but he is not gone forever because we will see him again when our time comes to go home with the Lord. I love you my friend fly with the angels and don't be stranger and do stop by to tap us on the shoulder to say hello.
