“ *Lupe was man that was there for us throughout our years growing up. He was dedicated to his children, family and friends.*

I remember a story of when I asked Lupe to help me rebuild a motor back in '86. The motor was out and I had no clue what I was doing. It was torn apart and Lupe told me, "To start cleaning all the parts with gasoline." While I was cleaning the parts, I looked up at him and he told me, "You have to learn how to crawl before you can walk." Three weeks later I remember still smelling like gas but he helped me learn the ins and outs of rebuilding a motor. Thanks Lup for all the memories!!! Love and miss you always!

God bless his children and loved ones during this time. He is now with our Savior and looking down on us in Heaven. We are blessed to have him as our Guardian Angel!

Lupe was my brother's best friend, anything that Richard needed if Lupe didn't have it, he would find someone who did. I remember when I would make Rich a "goodie" bag, he would always ask, you got enough for Lupe and Mark? May you Rest In Peace my friend and now you can look out for each other once again. To your family, God Bless you and give you the strength to carry on.
