“ *I am so sorry for your loss. My sister lived in Roswell and keeps up with the news there. She saw this and thought it might be related to me. This is strange...He looks like my grandfather and uncle. Was he related to Ellsworth B. Frizelle I know he does not have an (e) at the end cdelena@twc.com This might have been a relative. My grandfather is buried in South Park Cemetery too. He was born in Sept 5,1906 and died Sept 19, 1955 I was just wondering if this is a relation to my family from Kansas.*

Yesterday we buried a brother in law Butch Frizell...when he first came into our family ...he loved our culture and loved our big family "...and everything was "for his Gigi".Him and gigi were married 35 years...I don't think Butch ever thought of himself. as a brother in law....we became his family . I did not realize Butch to be a "brother" until God decided to take him...and now I feel like I lost a brother....I will miss him and RIP brother. There is always something always been posted that tell people to tell their loved ones you love them because tomorrow may never come...unfortunately it is so true...I wish I would have told him what he did mean to me and my family...and told him ""I love you brother"" .So to all my family.....I love you ❤️💜❤️💜❤️

“ Tio Butch was always the sweetest guy. He always greeted me with a smile and a big hug. I had the pleasure of getting to know him more when he and Tia Gigi moved to Roswell. We didn't get to see each other often especially after I graduated and when on to college but when I did see him it would be as if we saw each other all the time. He, as well as Tia Gigi, was always supported me and my accomplishments and always wished me well. I will never forget his genuine care and concern for me and I will miss catching up with him when I would see him. I'll never forget the "Vote for Bush" sign scandal and will cherish that memory for as long as I live. Rest easy Uncle Butch. Gone but not forgotten.
