“ *My grandpa was quite the character, we'd do something embarrassing and think he wouldn't realize it then a week or so later when he was struggling with our names he'd give us a nickname corresponding to whatever we had done. He may have been gruff and rough but if one of us needed him he was always there.*

“ My father taught me so many things in my life that I will never forget, I will forever remember them later on in life. I taught him many things I'm sure he forgot a lot of them because of his memory, I don't think I would've ever grown into the man that I have grown into today without his help. I will always remember driving him when I was six years old in an old pick up truck because he was too drunk to drive, I have so many memories of him that I could never forget and I could never tell someone all of them but that is one of the memories that I will never forget and he is missed.

“ The greatest memory I have of him is he would ask my mother if she needed anything when she stayed here in her last months of life, even tho he himself needed care he still tried to help, He loved dogs and after all his old wiener dogs passed he would often play with Ruffshot the bulldog. I'll never forget him bringing in what he thought was a wild kitten wrapped in a blanket that he caught in his rv, it turned out to be a baby fox!! Not gone but now with his beloved wife and with family and friends, including my mom, and Jesus! May God comfort those left behind knowing they shall meet again.

“ I want to offer Condolences to the Cain family and share the things I remember about Buddy.

First off his dogs those wiener dogs he always had one by his side.

Watching his westerns my Son Joel enjoyed watching his shows with him.

Most importantly the care he gave my grandmother staying with He and Larry when she was in her last days. I will forever be grateful for that. He will be missed Greatly.
