“ *Jim was a great person to work with. I knew Jim first through his work at the Lab of Anthropology. I finally met him and Dorothy in SE NM. When I returned to SE NM in the mid 1990s I was fortunate to work with them on several projects. I respect Jim as a Marine Veteran, and both he and Dorothy as archeologists and their efforts in their detail recording, understanding and preserving of the prehistory and history of Southeast New Mexico.*
