“ Jason there are no words to say how much my heart is hurting to hear you are gone and I can never see you again. we have been friends best friends since you were sixteen we would loose touch but we always found each other again. We rode hard together and did thing only we know and said we would take to the grave. I remember the last time we seen each other you pulled up to my house with the radio loud as you could and the song playing was chris brown " your man ain't me singing to me as I walked out of my house in Rio rancho and I ran to you and held u in my arms hugging you and you telling me you loved me and missed me and let's go for a ride. I'll never forget you ever and saying we were ment for each other we were soul mates maybe we were or weren't but the friend ship we had no one could break or come between no one ...I will see u again when it's my time I hope you will be waiting for me so you can sing to me once again....I LOVE YOU JASON WITH ALL MY HEART REST IN PEACE MY LOVING FRIEND

“ I still can't believe that you're gone. I have remembered so many things in the last 3 weeks and heard songs I haven't heard in years and I like to think that's you playing them for me. Please watch over us all, especially your mama. I can't imagine how her heart feels without you. While it's a darker place here now for many without you, I have so many great memories and happy times and they were always with you. I pray that you're at peace now. Rest easy Jason. I love you always.

“ Yes my name is Amanda Gabaldon known as Lady Dee on social media. I had did a song for him that's on tiktok Facebook and Instagram and in memory of Jason. It was very hard to do but I did it just to show and prove to Jason up in heaven that people do love him and will miss him ,he didn't think so but I knew. He was always there for me through the hard times he would just show up out of nowhere he wouldn't even call, just show up unannounced which was perfect. I always asked him if he was okay on messenger and made sure he eaten if he was hungry to come over of course he would come over I hook him up with the plate and we just talked and he had to go I'd be sad every time he left . I will miss him so much that's my Boo.. 😞😔😭💔💔
