“ *I enjoyed many visits with Ms. Jeannine at the table drinking tea at Mr. & Mrs. Wunderlick's home. All of the ladies sitting around that table taught me so much about the world and looking at things from a different perspective that it changed my life for the better. Ms. Jeannine was one of the ladies that I enjoyed visiting with, talking to, exchanging anecdotes and laughing at ourselves. I am deeply saddened to learn of her passing, please accept my condolences, I will keep your family in my thoughts and prayers.*

“ I have so many great memories of Aunt Jeannine. I was named after her. She and mom were not only sisters-in-law but best friends. I remember one of my first dolls for Christmas Aunt Jeannine made a whole suitcase full of beautiful doll clothes for her. She was my sewing idol. She was so beautiful and loved my sister and me very much. She will be greatly missed.
