“ *Jerry was a good friend of mine and a great guy. We worked together on many cases concerning deceased persons in his capacity as Senior State Police Officer in Socorro, and my capacity as State Medical Field Investigator. He was a gentleman and a consummate law enforcement professional, and someone who was a pleasure to know and work with. He had a million dollar smile and a laugh as big as all outdoors. God's speed my friend Jerry. My life is much more worthwhile for having the pleasure of his friendship.*

*Requiescet en Pace.*

“ Sorry to be late in this condolence and love for Jerry. I am so sorry for his family's loss because he was an an outstanding wonderful person. I didn't realize he was gone until late. I didn't realize he was ill. Don't know how many years I knew him, but knew his family most of my life. I was looking to find his burial site today and found all the wonderful friends he had. That speaks a lot. In recent years Jerry and I learned we are related--as close as cousins. He said he thought of me as a cousin and we had a few times to visit. Had life not been in such a turmoil and had I known he was ill perhaps we could have known each other better or helped him in some way. As it is so many things escape us. Love you so much Jerry--RIP--know you are up there directing or policing--Jane Wiggins

“ Jerry and I started law enforcement together with Sheriff L.O. Tommy Thompson with the Chaves County Sheriff's Department. Jerry was always cheerful and an great friend. I remember when he was spending his free time doing physical working out so that he could join the NM State Police. After Jerry left the sheriff;s office I still kept in contact with him. When He was in the Socorro area I would be going through Socorro and I would contact him on the radio to see if he was available to get together. Jerry was always doing things to keep things lively. I remember when we were in the Midway area searching a residence for evidence in a shooting. He yelled at me and said that he found it. I hurried over to see what he had and it was a toy pistol. The last contact with Jerry was at a restaurant in Roswell. He was with his family and he made it a point to come over to the table and talk to me. I also live in the Dexter area. After I retired from law enforcement I was also went to work for DHS and I would go to FLETC in Artesia. Sometimes I would go through Hagerman and I would drive by Jerry's home and I would remember the good times we had. Jerry will be missed. May the LORD comfort Jerry's family in knowing that he is with his Savior and is also watching over his family.

“ So sorry to hear of your loss. Lily, Robin and your family are such a testament to him that he was a kind, solid person. Someone who could be counted on to be there when he was needed. Please know that we are thinking of you and your family in this time of sorrow. Death is such an enemy robbing us of those we love. May we still look ahead to the future when the effects of death will be erased. Love Harva and Taylor

“ *I will always remember Jerry. I got to know him when I went to work at FLETC in 2001 and started as a Role Player and later as a Maintenance Electrician in 2002. In my 15 years working there I got some approval pat on the back from the Government Employees and about all the different Agency Instructors but as far as I know, Jerry was they only one who wrote a letter of commendation for my work and also my good attitude when I had electrical work to perform in the Security Building. He always treated me with respect and will always remember him. He was a Good Man. My Condolences and prayers to his family. 🙏*

“ Jerry was a wonderful, supportive Board member for Dexter Schools. I feel extremely fortunate to have known him and learned from him. He was dedicated to the people of Dexter but always saw the humor in life. His dedication to the Joy Centers has also made a huge, positive difference. I admire and respect him very much and am thankful I had the honor of working with him.
