

Jimmy Allison

May 12, 1953 - April 29, 2025

Jimmy W. Allison, 71, rode off into the sunset on April 29, 2025.

Born on May 12, 1953, Jimmy lived a life defined by adventure, humility, and connection. He was a son, brother, cousin, nephew, husband, father, grandfather, Scout leader, Masonic brother, friend, motorcycle enthusiast, entrepreneur, mentor and so much more.

With a lifelong passion for anything on two wheels, Jimmy found joy in racing antique bikes, riding trials, and sharing his love of motorcycling with others. His calm demeanor, gentle nature, and genuine ability to make everyone feel heard and valued left a lasting impression on all who knew him.

Jimmy turned his passion into his profession as the owner and operator of Champion Motorsports and High Plains Harley-Davidson, where he not only sold motorcycles but also built a vibrant community around them. He was an active member of the Prairie Dawgs Motorcycle Club, Scouting of America, the Antique Motorcycle Club of America Zia Chapter, and the Masonic Lodge Roswell #18.

He lived boldly, embracing life through unforgettable adventures—from climbing Mount Kilimanjaro, to scuba diving the Great Barrier Reef, riding the Cannonball from New York to San Francisco, attending the Isle of Man TT

races, participating in the National Scout Jamboree in Washington D.C., and motorcycling through Copper Canyon, El Salvador, Honduras, and Guatemala.

Jimmy was humble, gracious, and grateful. He could talk to anyone about anything—and often did—not to be heard, but to make others feel seen.

A celebration of a life well lived will take place on what would have been his 72nd birthday, May 12, 2025, at 10 a.m. at First United Methodist Church.

In lieu of flower the family asks that donations be made to The Boy Scouts of America Conquistador Council Registration Access Fund. <https://donations.scouting.org/#/council/413/appeal/8684>

“ I was deeply saddened to learn of his passing — especially since I did not find out until after returning from our mission trip in August. He was such a kind and godly man who always made others feel welcome.

He embraced us with open arms and invited us into his home. Our families connected through Scouts — my daughter and his granddaughter became close friends — and through that bond, I was blessed to spend more time with him as the charter representative for the girls' BSA troop. He always encouraged us to begin and end with prayer, and as clergy, I was often asked to lead. Those moments of prayer and fellowship will always stay with me.

His passing was truly a shock. I will miss his warm smile, his encouraging spirit, and his deep love for God that radiated through everything he did. He was a genuine example of faith in action, and I'm grateful to have known him. He will be deeply missed, but his legacy of faith and love lives on in all of us who were touched by his kindness.

“ I have known Jimmy since the late 60’s when we attended Berrendo Jr. High and later Goddard High School together. Jimmy was always a friend to me, a kid who lived on a ranch 60 miles from Roswell. In high school I rode motorcycles with Jimmy and his brother Woody. We spent lots of time comparing which was better, his Yamaha to my Hodaka. Naturally I think his won but he was always gracious about it. He just loved to talk anything motorcycles. We all know eventually he turned that love into his lifelong dream job.

I was so shocked and saddened when Crystal called me on that morning to tell me of Jimmy’s passing. I answered the phone after seeing Jimmy’s name pop up, “hello Jimmy how are you doing” to hear of the sad news.

Our youngest son Casey met Jimmy when he fell in love with anything on two wheels. Over the years Casey bought many motorcycles, not all from Jimmy but he didn’t care, Jimmy was always ready to help out on advise and repair.

Casey’s son Nathan was the next to catch the “bike” bug and he now races. So it is a blessing to know that Jimmy passed his love of motorcycles to three generations of Key’s.

After reading all of the comments about Jimmy and all who had special memories it made me happy tho to know Jimmy accomplished so much! It seems as if he never knew a stranger as was always willing to help those in need.

“ I met this wonderful man in a class we took together in the Dale Carnegie Class back in the 80's if my memory is correct. I was in shock when I went through obituaries looking for information on a friend of ours and saw his. What a kind and gentleman he was, always smiling and making one feel so special. We had tons of laughs in class and when we saw each other. I will never forget him for his friendliness. My prayers and condolences to his family

“ Jimmy made such an impact on the Roswell Masonic Bodies and those we serve. There are many lives that have been quietly impacted by his humble work behind the scenes.

My family was positively impacted by his positive attitude as well. Jimmy encouraged my son through his Scouting journey and he is now in the process of his Eagle Scout project. Jimmy played an important role in his growth and so many others.

“ My family and I were very sad to hear the news about Jimmy. We have known the Allison's since around 1960, lived by them in Mountainair NM, as well as Roswell. Jimmy was always easy to listen to and pleasant to be around, not to mention one heck of a motorcycle rider! Our paths may have drifted apart, but Jimmy and the entire Allison family will always hold a place in the Hammett family's hearts!
RIP Jimmy!

“ sincere condolences to Jimmy's family. I always looked forward to seeing him in the shop where I have been going since high school. Always happy and smiling, even when I ran into him out of town or state by accident.... He was always so kind to my family and I, whether I bought a bike from his place or not, and I will always consider him a friend... (I did buy many lol) what a loss for our community. He was a one of a kind positive influence in this town.

“ My deepest condolences to the family on the passing of a true motorcycle enthusiast and great community leader. His legacy lives on in Champion Motorsports, one of the best shops I have encountered in any size city. I met Jimmy through motorcycles and bought one from him in the mid 90's from his old shop in the South side of Roswell. His genuine smile and warm character sold me. Lately when I would occasionally run into Jimmy at his current store after he retired we would talk about raising chickens. I'm on a 2 week motorcycle trip around the Pacific Coast Highway when I heard of his passing, dedicate this ride in his honor.

“*Jimmy and I met back in '66 (or '67?) at Berrendo Junior High when he and his family moved to Roswell. I have so many memories from those days. We both played on the school sports teams and at some point got into riding dirt bikes all around Roswell and the Pecos River Valley. He rode a red Yamaha 250 Enduro with a great oil injection system. He was a fan of Credence Clearwater Revival and we imagined creating a band that we'd call The Nitty Gritty Dirt Band. We amused ourselves in various ways at GHS—for example, by unrolling huge spools of wire through the hallways, reporting for the student newspaper, and “kidnapping” Ms. Taylor’s lecture podium, which we returned after giving it a spiffy gold and maroon custom paint job. He didn’t date much in high school before pairing up with Crystal Spina, and a few years later they got married ('74?). It was a fine wedding with lots of champagne. I can easily picture them as they were back then. After we graduated from GHS in '71, I moved away and we visited and stayed in touch off and on over these many years. He was the one who let me know when other classmates passed away, and I really expected him to be around a lot longer than this. My sincerest condolences to all his family and friends.*

“ I am deeply saddened by Jimmy's passing. He was an incredible person—always a positive presence, a dedicated community leader, and a generous volunteer and philanthropist. His kindness, joy, and commitment to making the world better touched so many lives. I will dearly miss his smile, his spirit, and the example he set for all of us. My heart goes out to his family and all who were fortunate enough to know him.

“ Though I had the privilege of knowing Jimmy Allison for less than two years, he quickly became a fast friend and one of my strongest supporters in my role with the Conquistador Council. His passion for life was infectious, and his deep love for people was truly inspiring. Everyone who knew Jimmy loved him—and with good reason.

Shortly after I moved to Roswell, I met with Jimmy and he asked, “Would you like to go to lunch?” I expected we’d head to a local restaurant, but then he followed up with, “How long has it been since you’ve had a home-cooked meal?” At the time, I was living in temporary housing, so it had been quite a while. Next thing I knew, I was on my way to his mother’s house, where she, along with his brother and sister-in-law, welcomed me like family and served up a wonderful meal. It was clear where Jimmy got his warmth and generosity.

His passing leaves a hole in my life, and I know that for those who have shared more of his seven decades, that hole is even deeper. His kindness, his spirit, and his unwavering support will not be forgotten.
