“ I had the pleasure of working with John for ten years prior to his retiring in 2013. John was always very pleasant to be around and a hardworking man. He achieved 1,000,000 safe miles in a Fortune truck and was awarded a new tractor in his choice of color. (#1014--"Jade Green Metallic") Although I mostly knew John thru working together ---- he talked about his family often and it was clear they were his top priority in life. Those people closest to John were very lucky to share a life with him ----- my sympathies for your loss.

“ John Brady is a special memory for the Hagerman High School Class of 1964!! Most of us went through all 12 grades together. John was always friendly and recognized as a young man that would be so good in his life. Always recognized a person to say "hello" and make everyone's day brighter with a smile. John was also a Vietnam Vet and how do you say Thank You for your service enough? We do Thank You for your dedication and gifts to this country. Everyone's life is better for having known John Lee Brady!!
