“ My Mom stepped up where no one else would and helped me raise my beautiful children. My grandchildren loved spending time with her while she watered the yard. It was a special occasion when they were allowed in her room to watch tv or select a treasure from "GG's" special bag. If not for her, each and every one of us would not be who we are today. We love you Mom.

“ Aunt Dodie, my heart is so heavy. That morning you gained your wings, I was thinking about you and the Artesia map you said you had for me that my dad had created. I was going to reach out to get that and have it framed for my office. Though we didn't see each other often, I cherished every random time we ran into each other. It always gave me a sense of belonging to my Hernandez family and a direct link to my dad--Sonny. You had recently stopped by my office and I was so excited to see you. I don't remember why you were in the building but I was happy you had taken a few minutes to stop in to see me. I also cherish the photos you sent me a few months ago, photos of my dad and photos of me with grandpa and grandma. I pray you are surrounded by our loved ones in heaven and know that love continues here. With lots of love...Charlotte "Hernandez" Gurule
