“ *Karl, I will always remember nothing but good memories when we used to work side by side in the meat department and have some beers after work. You were a hard worker. I remember there was another co worker that was very lazy and you would try to make him drink some coffee or some Mt dew so the guy would get some energy and work. We always laughed for years about that. lots of good memories that is what we live for dude. Till we see each other again bro. K.O. Martinez*
