Love you always, Mom - September 28, 2015 at 12:00 PM

“ I would like to send my condolences to Robert and Brittany for the loss of such a beautiful mother. She will always be in my heart, as Kathy was like a mother to me as well as to our daughter. She was always the most welcoming and loving person and took care of our family like we were her own. And if this is about sharing memories, I would like to just say...I remember when Robert told her we were pregnant with Brittany and Kathy lost it. She was so angry with us, and all I could think was, "Please, Robert, don't leave me alone with her." In the end, she was the one who raised Brittany into the beautiful young woman that she is today and loved her more than life itself. If anything has ever come of my mother passing that I can say was never in regret, it would be that I was able to be a part of your mother's life. I know you will miss her dearly, but she is at peace and her memory will always live on through you and your children.
