“ Kris was the best brother anyone could ever have. I love you bubba and I always will carry you in my heart. My kids looked up to you. And will always love and miss you. I know you are up there with God watching over us all.

Because you always were doing whatever you could to protect us and care for us all. And I'm so sorry I was not there to protect you the one time you needed it. I will forever hold you in my heart and spend my time on earth praying for answers and searching for your killer. God will help me and justice will be served. You were a great man with a family that loved you. You touch many of people and you always stayed true to your word and who you were inside. Anyone that knows you couldn't help but love you and a lot of them wanted to be you lol but that's because you were everything great. I truly don't know how I'm going to go on without my big brother but I know you and God will lead the way for me. Missing you

---
