“Wow!! So hard to believe that he is gone. He was such a amazing person friend and horseman. He taught me many amazing things working around him and learning some of his trades on how to train horses and how to be a better person in life. I was one of the few lucky ones that took me under his wing and working beside him to earn my keep to have the lessons of training me on how to ride. Which was a blessing to me. While working with him I got to hear a lot of phrases one that I can remember is if you got hurt he would say " it is a long way from your heart" still today I carry that saying dear to my heart No one word can describe what a incredible hard working kinder hearted man he was. I will miss him dearly and I know he will be in heaven teaching horses again and doing what he loves. Love always april Mccrary
