“ Geneva (Mammaw) my beautiful grandmother. Words can not describe the admiration I have for this woman. Through a lifetime of trials and bumpy roads she always thrived. She always found the best in a situation and became stronger for it. There was never a cloud in her sky without a silver lining. She is one of the reasons that I have the will to go on everyday, and it lets me know that I can do it too. She gave me strength and will continue to do so as long as I live, as well as giving my sisters and I a fabulous mother. Although I did not enjoy doing dishes at her house when she insisted on using every pot and pan in the kitchen, I love her for the time spent together and would trade it for nothing else. God please know that you have “one of a kind” with you now. Thank you for putting such an extraordinary woman in our lives.

“ Mamaw.....that one word brings so many emotions and feelings to all of us that were blessed to be a part of her life. Her life here on earth was hard at times, although she would never admit to it. She carried her burdens and never complained. She knew her Faith and Love of Jesus Christ, her Savior, would always get her through. I have spent a long time thinking of Mamaw and her life, and here on earth, I liken her to a piece of coal, and now she is the most beautiful diamond in Heaven, where she belongs. I love you Mamaw. Thank you for all of the blessings you gave me throughout my life. Your finally home now.
