“ *Dr. William and Peg Briney Family*

*On behalf of my family and self please know we are all saddened to learn of Peggy's passing, and during this time of bereavement Peggy and your family and friends are in our thoughts and prayers.*

*Having seen Peg and Bill recently, I remember her smile, the twinkle in her eyes, and the love and affection they shared. And the bounce in his attitude when I commented or inquired about her many letters to the editor on behalf of the less than fortunate. And seeing Bill and her walking the dogs on the bike trails they always appeared happy and blissful together.*

*Kindly remember all of the many fine and fond memories of the family matriarch. Bill, her family, friends, and generally all of us were fortunate to have known Peggy. And she was fortunate to have such a long and healthy life filled with family and friends that all cherish those fond memories.*

*With kind regards,  
Respectfully,*

*Tom Jennings*

“ I met Peg and Bill when we moved to Prescott in the late 1970's and I eventually worked with Bill as a physician at the VA hospital. I met Peg when they lived on the VA hospital grounds and through church. Peg got me involved in the Sagebrush Rebellion - one of her campaigns. I was caught up in her enthusiasm!! She was willing to work hard for what mattered to her and the world. My condolences to Bill and their family.
